Ojai, California 93023

What We Are

The Ojai Art Center, at 113 South Montgomery Street in Ojai is a very special place. It provides opportunities for people of all ages to come together with working artists to explore the horizons of creativity while remaining within their community.

This non-profit, membership-supported foundation was conceived and founded by Dr. Charles Butler in 1936 as a means of providing a central facility for the expression of theatre, music, art, dance and literature. Today, the Art Center continues to promote and develop those early traditions.

In addition, the Art Center interacts and networks with other community organizations, thus continuing to ensure "Something of Everyone." Membership provides both financial support and volunteer efforts to staff the majority of its events.

The Art Center takes great pride in continuing to be a vital hub of cultural and artistic activities for the Ojai Valley for the past six decades. It is the longest continually operating non-profit art center in the state.

Members receive discount ticket prices to Art Center events, a monthly newsletter listing lectures, meetings, galas, festivals, exhibit openings, auditions, competitions, music, dance and stage performances, classes and all activities held at the Center. Membership offers networking opportunities and voting privileges.
